

OUTSIDE CORPORATE EVENT FEATURING A WIDE VARIETY OF ATTRACTIONS CENTREPIECE, OUTDOOR SPORTS SIMULATOR

Every year Ouokumpu reward their current and previous staff with a company fun day. The staff were told this year they could choose the ultimate outside corporate activity event, to reward the companies performance. They choose as the centrepiece of the many events at the Phoenix Sports & Social Club, in Rotherham the Outdoor Sports Simulator. As the majority of the visitors were football supporters, the corporate event was a runaway success and the most popular event was the Football Shootout. The outdoor sports simulator is an easy to setup inflatable structure, so can withstand inclement weather. Ensuring that even if it rains that the day would be a great success, other activities included back to the future cars, tyrannosaurus rex, fairground rides and indoor games.
