

SPORTS SIMULATOR **SPORTS PLAY CONNECT**

THE CASHLESS SOLUTION SO PLAYERS QUICKLY ACCESS GAMEPLAY, MAXIMISING FEC PROFITS

Created so the leisure and amusement industry is able to connect all the leading cashless payment and contactless solutions. Giving entertainment centers quick access to gameplay, so increasing consumer spend significantly, with loyalty campaigns. Operators can easily customise the Sports Play user-friendly interface, with the huge array of Sports Simulator gameplay options. With unique online player name identification's stored on the cloud, the players name will appear in the game. Players normally present their ID cashless card or wristband, to the RFID reader at the simulator, credit is then deducted with online payment messages appearing. Typically players select 1 of 4 Sports on touchscreen, then automatically playing 3 attempts at 3 different game challenges, in around 3 minutes. Ensuring high numbers of players can compete on Sports Play Connect, maximising the profits for Family Entertainment Centres.
