

AGALAROV

PAR: 71

YARDS: 7006

COURSE TYPE: PARKLAND

The course opened in 2010, the newest championship course in Russia, brilliantly designed by Cal Olsen. Agalarov creates both a natural calm feel and provides the golfer with facing the 'risk and reward' challenges.

GORKI

PAR: 72

YARDS: 7094

COURSE TYPE: COASTAL

Currently being built just outside St. Petersburg. Expansive playing areas with short grass will make it easy to keep a ball in play. In order to score well however, it will be necessary to read the course well.

SPRUCE PLAINS

PAR: 71

YARDS: 6692

COURSE TYPE: WOODLAND

A narrow tree strewn course, built through an ancient pine forest in Volga. Very soft greens mean it plays deceptively simple for accurate hitters, although the valleys can often attract wind.
