## MATCH PLAY

Match Play enables 2 teams of 1 to 5 players in each team, playing any Sport in 1st Leg and 2nd Leg, at different venues. Choosing Challenges for Home and Away or Forced Time Limit. Flybys before each Leg, giving Realism of being there. After each Game Challenge the Team Results are shown, ensuring Competitive Matches.

## CONTEST PLAY

Contest Play enables competitions to be easily setup and organised, for any Sport. The Number of Games are selected, the Game Challenges Specifically chosen, the number of turns per Game Challenge chosen, choosing the Sporting Venue. Selecting On-Site or On-Line Competitions or even Random Games.

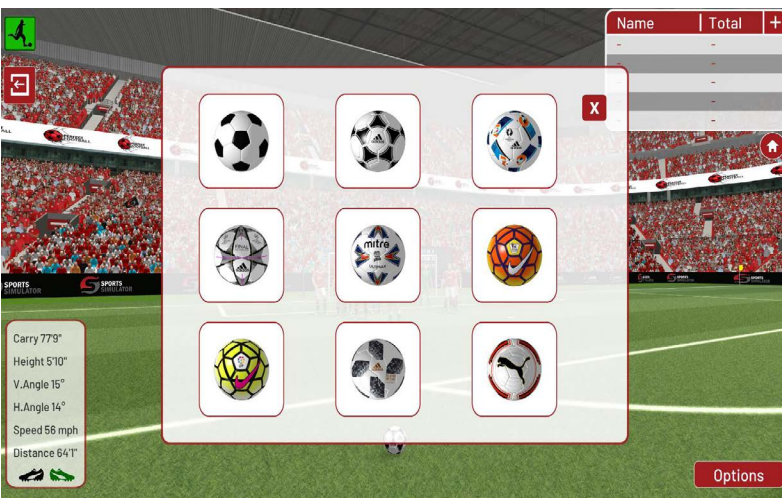

## BRAND ADVERTISING

Select Brand Advertising on Targets, Sponsor Banners, Hoardings, Pitch Signage, Video Screens and Flag Signage.

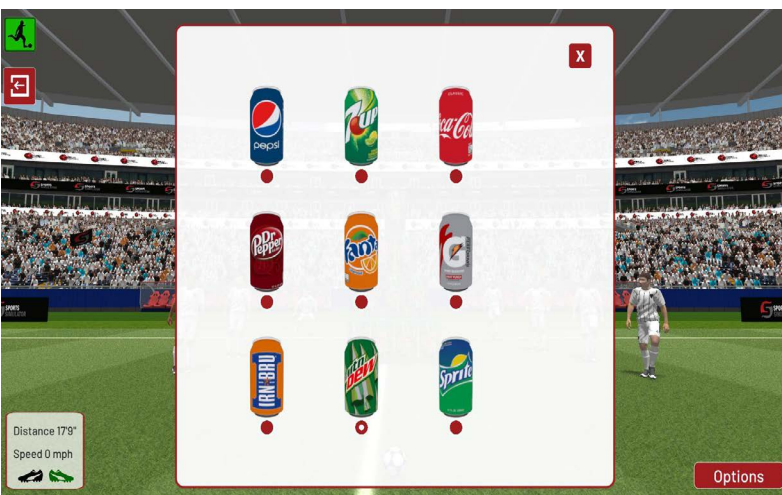

# SOFTWARE

## BALL AND BOOT SELECTION

Balls or Boots appear in Shot Analysis, at Venue played. Ideal for Sports Retailers, to increase turnover.

## CAN AND BOTTLE ADVERTISING

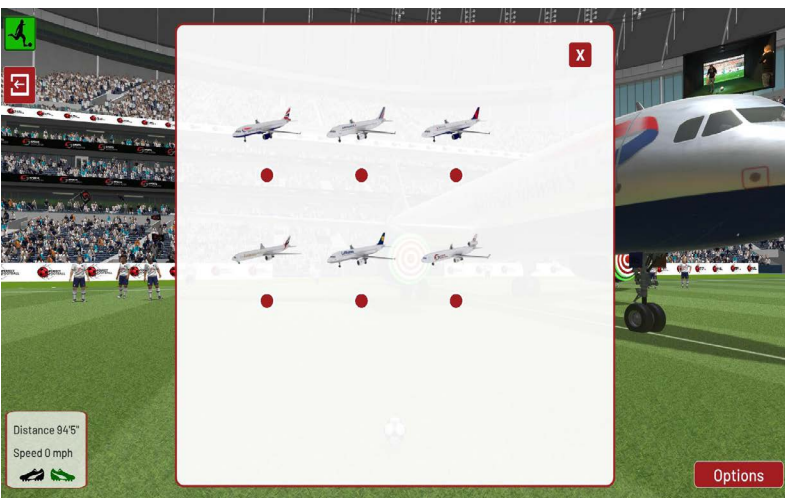

Choose from famous selected branded cans and bottles, attempt to knock over and score points.

## CAR ADVERTISING

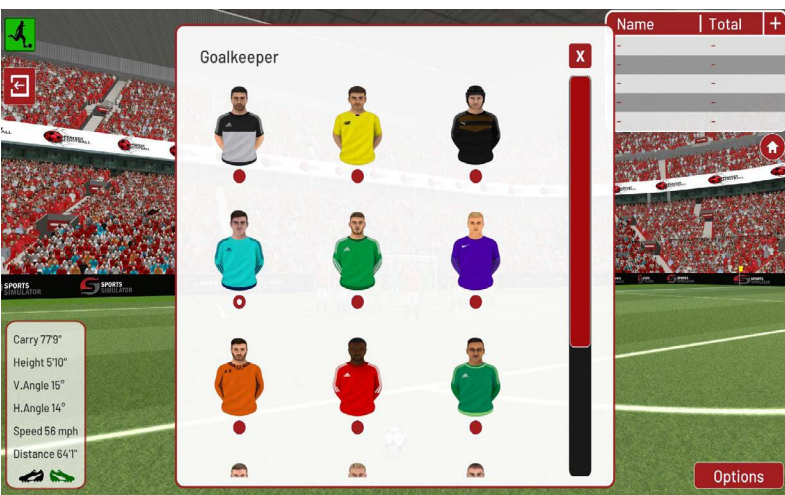

Choose from famous car models, attempt to get ball into the boot or convertible car and score points.

# SOFTWARE

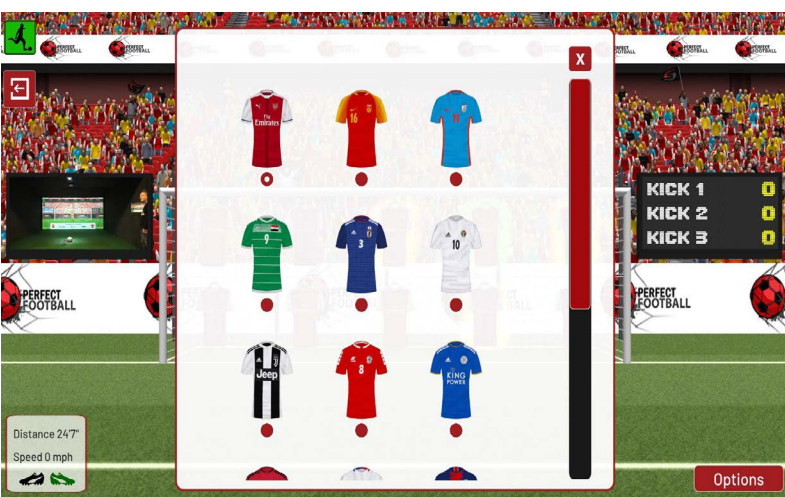

## AIRLINE ADVERTISING

Choose from the world's top airlines, attempt to get ball into the engines, from different positions to score points.

## GOALKEEPER SELECTION

Compete against the best, choose from a selection of the world's top goalkeepers, created with 3D modelling.

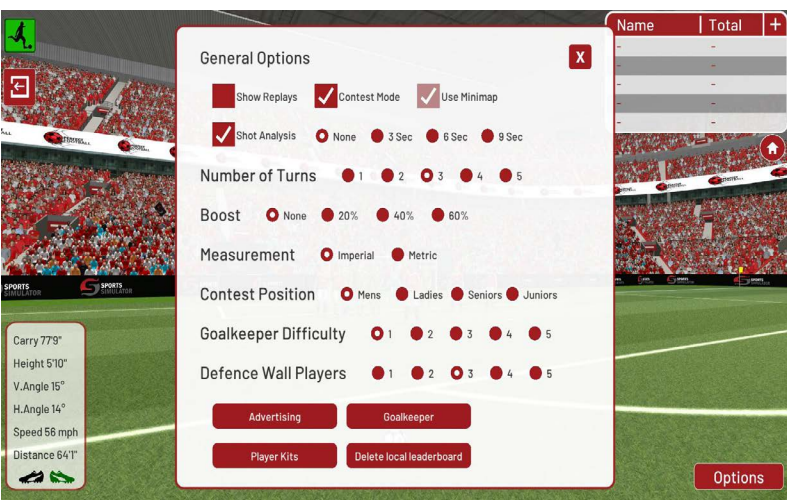

## KIT SELECTION

Kit Selection enables specific teams to be selected inside Sporting Venues. Broadcasters use this to replicate same teams, as Tournaments, so Challenges are replicated inside Studio, engaging Presenters with Viewers.
