

Sports Simulator Limited is interested in talking to business people who are interested in becoming a reseller, for their product range. The opportunities are available in most countries around the world, with the potential of making a very good profitable business.

Sports Simulator manufactures the Best Sports Simulator in the world and at a reasonable price for clients.

If you have existing clients in any of the following markets, Hotels, Leisure Centers, Amusement Centers, Holiday Parks, Sports Retailers, Corporate Event Companies, Public Houses, Sports Bars, Sports Complexes, Advertising Agencies, Exhibition Centers, Residential Builders, Audio Visual Installers, Sports Teams, or even members of the Public then you are guaranteed to make a good living from a relatively small investment. Decent income will be generated by selling Premium HD Sports Simulators and even Hiring them out as well.

If you and your representatives have their own recent Laptop and ideally an LCD UHD Projector then it is easy to give high quality Interactive Demonstrations to potential clients, showing how advanced the simulator is through a Simulator Presentation provided by the company. Initial meetings can take place at client's own location. Ensuring clients will wish to want to fully review the Premium HD Sports Simulator, at your own Demonstration Centre.

Sports Simulators are very easy to setup and demonstrate the system, with the system continually offering free of charge lifetime upgrades, via the FTP Site. The simulator offers many current and future sports, a continually growing library of stadiums, incredible graphics. As well as regular new challenges being added to enhance training, entertainment and contest usage, ensuring that the technology will always lead the market worldwide.

- 1.** Sports Simulator continually develop the best simulator software, worldwide with free software upgrades available on a regular basis from their FTP Site, for new Sports, new Stadiums and new Challenges.
